Summary

I'm a creative and enthusiastic graphic designer with a strong foundation in Adobe Photoshop, Premiere Pro, and After Effects, along with experience in similar design and editing tools. I'm passionate about bringing ideas to life through visually engaging content, whether it's eye-catching designs or dynamic video edits. I'm eager to apply my skills, learn from experienced professionals, and contribute to meaningful projects through an internship opportunity.

Experience

May2025-June2025

ThinkNEXT Technologies Private Limited

React JS Intern

Completed a one-month internship as a React JS Developer, where I gained hands-on experience in building responsive user interfaces and reusable components. Worked with modern React concepts such as hooks, state management, and component lifecycle. Collaborated on developing and optimizing web applications, improving performance and user experience while following best coding practices.

Projects

- **Samsarah (VR Experience)**: Built a 3D VR learning environment of Earth & solar system using Unity & Blender.
- **Personal Finance Tracker**: Developed a MERN stack web app for expense tracking, savings tips & investment insights
- **CompFlex:** The mission is to bring your favorite movies and TV shows to life with exciting edits that entertain and inspire.
- **Tour Planning Website - With AI Chatbot:** A smart tour planning platform with an AI chatbot to assist users with travel planning.
